

TOWN CENTER BANK School Supply Drive

We're already thinking "back to school" as we know many of our neighbors are worrying about the same thing because they struggle to buy school supplies for their children.

Today, the average cost of supplies for just one student is well over \$100. Studies show students learn more and achieve better grades when they have the confidence of proper and adequate school supplies behind them. Strong students mean success for our schools, and success for our region.

Please help our children by donating backpacks, pens, headphones, highlighters, binders, or gift cards to Amazon, Staples, Office Max, Target or WalMart by Tuesday July 31.
